# AXMINSTER COLOUR GUIDE

Your **shelf space**  
is valuable  
so keep us on your **desk.**

We know design libraries are brimming with pom sets, catalogs, and samples—so making room for yet another can be difficult.

The purpose of our Axminster Colour Guide is to give you quick access to our colours while allowing you to order actual poms of the colours you need.

Choose from our 422 standard colours available then visit **[OWHOSPITALITY.COM/POMS](http://OWHOSPITALITY.COM/POMS)** and submit the colours you need. We will then ship those to you for your project.
